

Konftel C20800 Hybrid

More inclusive video meetings

The Konftel C20800 Hybrid is a versatile video collaboration solution, designed for small to large meeting rooms. It features the Konftel Cam20 4K conference camera, the Konftel 800 conference phone with OmniSound® and Konftel OCC Hub.

A single USB cable is all you need to connect the powerful wide angle camera, scalable audio and the room's screen to the collaboration app on your computer. Hybrid conferencing allows you to easily combine meeting apps and regular phone calls. No hassle, everyone is included.

The Konftel Cam20 is optimized for situations where the conference camera needs to be positioned close to the table. The 123° field of view means that all the participants can sit in a comfortable position and still fit into the video image. At the same time, the camera creates a realistic image with no distortion. But actually, the Konftel Cam20 is equally at home in medium-sized and even large rooms thanks to its 4K capabilities.

OmniSound®

- Room type: Small to Large
- 4K Ultra HD
- 123° field of view
- 8x digital zoom
- One Cable Connection Hub
- USB, Bluetooth, SIP
- OmniSound® lifelike audio
- Hybrid conferencing (USB + IP calls)
- Daisy-chain
- Remote control
- Free software updates
- Two-year warranty
- Climate Neutral Certified

IMPRESSIVE VIDEO QUALITY

With the Konftel Cam20 USB conference camera, a clear and balanced image is assured. WDR technology automatically adjusts to achieve a great picture in different light conditions, even challenging ones such as low light, direct sunlight and high contrast. 4K video resolution also allows for a superb digital zoom. Even at the maximum 8x zoom, the camera is still perfectly capable of producing a detailed image.

OMNISOUND FOR POWER AND CLARITY

Konftel's refined audio platform OmniSound® with beamforming microphones works actively to keep the dialog flowing in your meeting. In the scalable Konftel 800 conference phone, the result is particularly powerful and clear sound that allows participants to relax, knowing that they can hear well and be heard. This creates a natural sense of presence.

NO HASSLE GUARANTEE

The ingenious Konftel OCC Hub is the hub of the video collaboration solution, offering One Cable Connection to the conference camera, speakerphone and screen. In practice, this means the C20800 Hybrid fully supports BYOC – Bring Your Own Computer, where the user can utilize their preferred collaboration service on any laptop with a USB port.

CLIMATE NEUTRAL PRODUCTS

Konftel is certified in line with the Climate Neutral standard. This means that we have offset all our greenhouse gas emissions and are taking action to further reduce those emissions. When you choose a Konftel product, you keep a clear climate conscience while supporting your organization's growing need for video collaboration.

Specifications Konftel C20800 Hybrid

GENERAL

Product name: Konftel C20800 Hybrid

Item number: 951201088 EU, 952201088 UK, 953201088 AU, 854201088 US

SPEAKERPHONE

Product name: Konftel 800

Contents: Konftel 800, Ethernet cable, USB cable

Technology: OmniSound® with HD audio, full duplex, automatic echo cancellation and noise suppression.

Microphones: 3 digital MEMS microphones. Frequency 100 – 20 000 Hz.
