

Hold a web meeting or call. Or do both.

You can use your Konftel device with your online meeting tool, such as Skype for Business. And of course, you can also make regular calls.

What to do:

Online meeting

Connect the included USB cable to your computer and the Konftel unit.

Call

Enter the number and press  to make a call.

Psst...!

Check that the Konftel unit is selected as the sound device in the computer's settings.

Combine both

The calls are automatically connected as long as you have the USB cable connected.
